ABOUT ME

IT Professional with experience in software development and infrastructure operations within corporate environments. I began my career building applications and tools independently, evolving into corporate roles where I currently manage system operations, infrastructure support, and equipment standardization. I am focusing my career toward DevOps / Software Engineering with a strong foundation in Infrastructure and Cybersecurity, integrating automation, Clean Architecture, and best practices to build scalable and maintainable solutions.

EXPERIENCE

IT Support, Andreani

Agosto 2025 - Presente

Corporate infrastructure and endpoint operations and support in production environments.

- Incident management in production systems
- Active Directory administration and endpoint policies
- SCCM device deployment and management
- Network diagnostics and connectivity troubleshooting
- Industrial RF devices and corporate peripherals support
- Endpoint standardization and configuration

Stack: Active Directory, SCCM, Windows Enterprise, Networking, Enterprise Hardware, Office 365

Freelance Software Developer, Anhur IT

Enero 2024 - Presente

Development of applications and automation solutions for clients and independent projects.

- Full-stack web applications and dashboards
- Automation using Python and scripting
- Clean and maintainable architecture design
- API and systems integration
- Infrastructure setup and technical support

Stack: Next.js, TypeScript, .NET, Python, SQL, Git

HABILIDADES ADICIONAL

Infrastructure & DevOps

- Linux (administration & scripting) · Docker · Kubernetes · CI/CD · Active Directory · SCCM · Networking · Infrastructure as Code (Ansible – intermediate, Terraform – learning) · AWS Cloud (fundamentals)

Backend & Architecture

- C# / .NET · REST APIs · Clean Architecture · SOLID · DDD · MediatR · Dapper · SQL data modeling

Frontend

- TypeScript · React · Next.js · Tailwind · TanStack · UI/UX and web performance

Automation & Scripting

- Python · PowerShell · task automation and system integration

Databases

- MySQL (intermediate) · MongoDB (basic/intermediate)

Security

- OWASP Top 10 · Secure Coding · ISO 27001 fundamentals

EDUCACION

Bachelor's Degree in Information Technology Management — UADE

2024 - Present

Professional & Personal Computer Technician — E.E.S.T N°3

2018-2022
